2. Coaches Report – Coach Chessher:
  - Varsity won over Cy-Woods 55-12. Kids played real well!
  - Feels real good to still be in the playoffs. Does not feel real good to have to play Eules Trinity ☺
  - Should be a good game. They have big guys. Our defense will have their work cut out for them; Challenge for our secondary to lineup – working on it.
  - Trinity has a fast running back & the quarterback can run! Real fast. Their defense is not overly talented. Not impressed with their defense; their offense is good.
  - Our offense feels pretty good. We need to keep our offense on the field! ☺
  - We've minimized our penalties – very few! The boys are listening to the coaches; officials paying attention.
  - Whoever wins this game should win the championship!
  - The boys are excited – they need to be excited – they give everything they have.
  - Boys have done well; end goal – a force to be reckoned with! We have good talent. Our boys can go to battle against anyone in the state of Texas.
  - Coaches stress technique – they continue to get better.
  - Practice is good for Varsity and Sub Varsity.
  - Haka dance – We'll deal with it!
